TOWN WARRANT

STATE OF NEW HAMPSHIRE

L. S.

To the Inhabitants of the Town of Newington in the County of Rockingham in said State qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on Tuesday, the ninth day of March next at twelve of the clock noon, to act upon the following subjects:

1. To choose in the manner provided by law, a town clerk; one selectman to hold office for three years; assessors of taxes; overseers of the poor; a town treasurer; a collector of taxes; a superintendent of burying grounds; auditors; highway agent; a library trustee, to hold office for three years; a trustee of town trust funds to hold office for three years.

2. To choose measurers of wood; surveyors of lumber; fence viewers; a pound keeper; constables; police officers and all necessary town officers.

3. To hear the report of the budget committee, and to act thereon.

4. To see what sum of money the town will vote to raise and appropriate for all town expenditures for the year ensuing (as included in the budget.)

5. To see what disposition the town will vote to make of the town land and buildings.

6. To see if the town will vote to authorize the selectmen to administer, or to dispose of, any real estate acquired or to be acquired, by the town through tax collectors' deeds.

7. To see if the town will vote to authorize the Selectmen to hire money on the credit of the town, in anticipation of taxes; and to fix the rate of interest.

8. To see if the town will vote to allow a discount of five per cent on 1943 property taxes paid on or before the first day of October 1943.

9. To see if the town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expense of such audit.

10. To transact such other business as legally, may come before the meeting.

Given under our hand and seal this twentieth day of February in the year of our Lord nineteen hundred and forty-three.

ALBERT E. HODGDON,
MYLES S. WATSON,
IRA A. COLEMAN,

Selectmen of Newington.

Newington, N. H., March 9, 1943.

We hereby certify that on the twentieth day of February last we posted an attested copy of the within warrant at the place of meeting, within specified, and a like copy at The Meeting House a public place, in said town.

ALBERT E. HODGDON,
MYLES S. WATSON,
IRA A. COLEMAN,

Selectmen of Newington.

SEACOAST REGION
OF NEW HAMPSHIRE

SEACOAST REGIONAL ASSOCIATION

The Seacoast Region of New Hampshire consists of the towns bordering on the seacoast and tidewaters of the State.

These communities have common interest in economic betterment, in regional problems, and in necessary adjustments to changing conditions brought about by war emergencies.

The New Hampshire Seacoast Regional Development Association is the accredited organization through which this and other regional communities are brought together in combined efforts to attain their related objectives of development and improvements.

It serves the individual interests of the Community to the extent of its facilities in accordance with expressed desires of the Community.

There are five Regional Associations in New Hampshire.

The Seacoast Association organized in 1934 and incorporated in 1936 is the official State Co-ordinating agency for the Seacoast Region. The Executive Secretary is the only paid official and his salary is provided for by State appropriation administered by the State Planning and Development Commission under certain rules of procedure.

Consistent with the State Statute, City and Town appropriations, requested on an approximate basis of one one hundredth of one percent of net assessed valuation or less than 10 cents for a thousand dollars, are used for publicizing the resources of your community. Each com-

munity has representation on the Board of Directors and its representative citizens serve as members on committees.

The Association works in co-operation with Regional City and Town, State and Federal Departments and Officials, the State University Extension Services, the New England Council Chamber of Commerce, Farm, Industrial and other accredited organizations and has established contacts, brought about conferences and surveys and gathered information necessary to determining the needs of the Region. This work has contributed to developments and considerations which could be realized only through co-operative effort.

Promotional publicity, not only through publications but through personal contacts, conferences, information service and otherwise has brought year round business The farm and the factory as well as the retail business, the professional and other services, and the resort business are all recipients of added income resulting from this work. Of added importance is the maintenance of tax producing property and individual benefits of employment.

In view of the necessary planning for the post war period this promotional work assumes more importance than ever.

Evidences of the work of Association officials and the various committees are most apparent but difficult to publicize. Bridges have been built, new highways constructed, others improved, funds are available for coastal protection and bridge construction when priorities permit. Industrial plants have received war contracts. Some of the needs of this vital defense area have been recognized by the Federal Government; some added transportation facilities have been provided; information on the population has been presented for purposes of securing adequate rationing quotas; surveys pointing to inland water area

development are in progress; development of fishery resources are in prospect and consideration is being directed to forestry and farm conservation needs.

The recently released report "A Plan for the Develop- of the Seacoast Region" prepared by the State Planning and Development Commission represents much time and work of the officers and committees, together with that of the State Commission.

The factual findings of this report have been proven to be of particular value for Federal and local use in the present emergency and with continued studies will be of the utmost importance for guiding future planning.

Copies of the report have been sent to Boards of Selectmen, City Officials and individuals who are contributing to the overhead expense of the Association.

The Association stands on its record of accomplishment with equal consideration for the interests of all regional communities and it is obvious in view of increasing demands for service that the value of regional co-operation is important to everyone.

LIBRARIAN'S REPORT

To the Trustees of Langdon Public Library:

Gifts:

A collection of books from the estate of the late Miss Theodora Lyman, Portsmouth, N. H.

Another collection from Mrs. Ira A. Coleman and Mrs. Maynard Rees.

A compilation of the "Messages and Papers" of the presidents from George Washington to Woodrow Wilson, bound in twenty volumes, from a friend of Mrs. Foss and Mrs. Adams.

One volume, Mrs. Alfred duPont.

One volume, Mrs. Frank L. Whidden

One volume, John F. Hoyt.

One volume, John Nelson (our Church pastor).

State Reports and Agriculture Year Books.

A life-size picture of George Washington from Otis Rawson.

Sixty volumes have been brought to the Library and sent to the men in service.

Two paintings have been loaned us by Mrs. Richard Norman MacFarland.

One, A. Florence Spinner, an Italion peasant, by Glisenti, who was then President of the Royal Academy of Italy.

The second painting, "Shipbuilding in the Island of Cyprus." This painting was taken as loot by the Turks from a palace in Sebastopol in 1855 at the fall of that city in the Crimean War. It was purchased there by Norman of the English Army and brought by him to England and America.

To all our interested friends of the Library we extend our thanks.

HATTIE M. GREENOUGH,
Librarian.

		$8,852.50
Less State Aid	$1,525.55	
Less Dog Tax	175.00	
		$7,151.95

REPORT OF SCHOOL BOARD

We herewith submit the annual report of the School Board.

Our fall term opened with the same teaching staff as last year, Miss Margaret Pickering, who has grades one to three, Mrs. Marion Kenison grades four to six, and Miss Dorothy Rokes having the two upper grades. We would like at this time to thank them for their faithfulness in the performance of their duties and their cooperation.

Mr. Roy W. Gillmore, our Superintendent, has worked tirelessly for the best interests of the school. We are fortunate to have retained a man of his ability.

Mrs. Mary Poore in charge of music, has as in previous years, been very successful.

The physical welfare of our children has been in charge of Mrs. Eloise Sheehy, as in other years. She is always watchful of the health of the children and has worked faithfully for their well-being.

The Parent-Teachers' Association has had much success in bringing parents and teachers together into a better understanding of problems continually arising in the school.

Parents are urged to cooperate with us in that they send their children to school regularly and punctually when possible and with the right attitude toward the school and teachers. We thank the citizens for their cooperation and we want parents and townspeople to visit school more often and take an interest in the work we are doing. Such interest is an inspiration to both teachers and pupils.

Respectfully submitted,
EDITH E. KNOX,
MARION R. SPINNEY,
J. MANNING HOYT.

RECEIPTS

July 1, 1941 — June 30, 1942

State and Federal Aid:		
Equalization fund for elementary schools (from state)	$1,089.94

HATTIE M. GREENOUGH,

School Treasurer

I hereby certify that I have examined the foregoing accounts of the Treasurer of the Newington School District and find them correct in all respects.

JAMES H. COLEMAN,

Auditor.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Newington:

I herewith present to you my thirteenth report as Superintendent of your schools.

The current school year opened on September 9, 1942, with an enrollment of — 83 twenty-six in the primary room, twenty-nine in the middle grades and twenty-eight in the two upper grades. Since the seventh and eighth grade room is much smaller than a standard school room we faced a condition of serious overcrowding in these grades. A study of prospective enrollments seemed to indicate that such a condition would not exist again within the next few years. For this reason no large expense was justified. As a temporary measure, tablet arm chairs were purchased. These take less floor space than the former desks and made possible the seating of all pupils.

The work of Miss Pickering and Mrs. Kenison is well and favorably known. It is they who build the foundation upon which the work of the junior and senior high grades is based. Especially to be commended is the teaching of reading in the three lower grades. Parents who visit school comment upon this. Mrs. Kenison has multiple objectives which make the work of these grades particularly arduous. She teaches the pupils to become independent readers, instructs them in the practical application of the arithmetic processes learned in the lower grades, gives them an understanding of the history of their own country, and opens to them a wider view of the entire world through the study of geography and other social sciences.

Miss Rokes, in charge of the upper grades, is preparing our pupils for the high school. She has been handicapped by the crowded condition of the room. However, she insists upon good scholarship. If tests are a true criterion, she is preparing our children well. I

have every confidence their work will be a credit to Newington.

It will be noted from the statistical report that our state aid for the past year was $1,809.94. This increase from $484.45 received the previous year was made available by the employing of the third teacher. Thus the district of Newington gets improved service at no added cost to itself. It is likely that more aid could be received by increasing the appropriations for certain items, particularly teachers salary and medical inspection.

The report of the school nurse is included herewith. She has served the district faithfully. In last year's report I recommended that a school doctor be employed by the district. Particularly at this time when the army is urging us to guard the physical health of all boys and girls, and is, to some degree, criticizing us for being remiss in this we should do all we can to discover existing defects. Let me urge upon you the adoption of this added service.

The Newington P. T. A. has been of help to our schools financially and, of more importance, as a motivating group eager to see that our children have the services to which they, as American citizens, are entitled. Whether travel restrictions allow future meetings or not, I feel certain the members will still be bound together by a unity of interest.

Of necessity, the war will bring changes to our schools. There will be changes not so much of subject matter as of emphasis. There is a definite need that more time be devoted to geography of the entire world, foreign as well as domestic. A practical form of manipulative arithmetic must be taught even in the grades. The army tells us that a definite program for physical fitness must be an important part of our activities. Although this work must be done mainly in he secondary schools, the elementary grades must do their part. Care must be

taken that our pupils have suitable physical exercise, that they understand the fundamental rules of health and that they guard their welfare by exercise, rest and food, each in the right proportion. It is one duty of the schools to see that this is understood by the pupils. This will not be a group program, but must be based upon the need of each individual. Some pupils will need much exercise, some will need little. Sometimes more rest and sleep is required, sometimes a better balanced diet. The individual must be the key-note of this program.

The schools are willingly fulfilling their part in waging a successful war. The teachers and pupils are buying war bonds and stamps — regularly. Three national registrations, those of sugar gasoline and oil, have been entrusted to the teachers of the nation. It seems probable that War Ration Book Number Two will also be distributed by the schools. The children in both elementary and high schools have worked long and diligently in the gigantic task of collecting the metal and rubber so badly needed by our armed forces.

The Newington School has a certified record of 16,500 pounds collected in its scrap drive of three weeks duration. It may be of interest to note that the pupils of the seven towns in this supervisory union gathered a total of 155,965 pounds. This is the material measure of our endeavors up to the present time. The schools stand ready to do that which may be further asked of them.

The Junior High School at Portsmouth enrolled six Newington pupils in its ninth grade during the current year. They are doing commendable work. Of the forty-seven marks earned by these pupils but four were failing in the first report. It is worthy of note that this number was reduced to two in the second report. Five

of the six pupils record no failures during the second period.

You, as a board, have always governed your decisions by the welfare of the children. You have always been helpful to me as superintendent of your schools.

Respectfully submitted,

ROY W. GILLMORE,

Superintendent of Schools.

February 4, 1943.

THE ANNUAL REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools and the
School Board of Newington, New Hampshire:

There were 88 children examined with 62 more or less serious conditions found. Of these, 38 were definitely corrected during the year through the co-operation of parents and family physicians.

No dental clinic was held on account of dentist being too busy to undertake dental clinic work. A few parents are co-operating and are having dental work done for their children by their own dentist. There is more dental work to be done. I hope the parents will attend to this as soon as possible. I shall be glad to help where I can.

All children are vaccinated and 39 are inoculated against diphtheria. 23 visits were made to the school.

I wish to thank our Superintendent, Mr. Gillmore, the School Board, teachers and parents for their co-operation and help with my work.

Respectfully submitted,

ELOISE B. SHEEHY, R.N.

February 5, 1943.
